

February 2015

Dear **ACCPICK** User

FINANCIAL YEAR END FOR WINDOWS OPERATING SYSTEM

If your Financial Year ends on 28th February 2015 please find below a summary of recommended procedures for **YEAR END** and **ARCHIVING A YEAR**.

NOTE: GENERAL LEDGER USERS ONLY

- The General Ledger program includes a facility for ARCHIVING a year immediately after the final General Ledger PERIOD END has been processed.
- The General Ledger Year End procedure is completely separate from the main *Accpick* Year End and can be done at a later stage.

Please note that should the Accpick Year End and Archive a Year procedure not be processed timeously; data correction (if possible) will be chargeable at our current Support Rates.

Your **ACCPICK** Support Team

Year End Procedures.

The Year-End Clearance will reset to zero all Year-to-date values in the **current data directory**. This procedure should be carried out only **after** the Month End procedures **for the last month of the financial year** have been completed.

1. Log off all Accpick Users

Year End is a **single user** operation. Ensure all other Accpick uses have been logged off before proceeding with the Year End function.

2. Year End Routines

(a) From the **Accpick** Main Menu, select:

		Options		Select Modules	
		Month-End All Modules	Month-End Cash Book	Debtors	Stock Control
		Year-End	Archive a Year	Creditors	Cash Book
				All Modules	

Note: If you are going to process CASH BOOK MONTH END later, only process the Year End for the individual modules i.e:

- Debtors (Accounts Receivable)
- Stock Control
- Creditors (Accounts Payable)

and once you have processed the CASHBOOK MONTH END, then process the CASH BOOK YEAR END separately.

Select **All Modules** if you are not using the Cashbook or you want to include the Cash Book Module in Year End

3. Check Year End Clearance

(a) Select  **2. Debtors**,  **3. Enquiries**, **5. SALES DEPARTMENTS**

(b) Select an active department. Values should all be zero.

Department Number: 021
Department Name: **Before** TYRES - PASS STEEL

	Value	% of Total

Note: Year-to-Date Statistics will still be accessible in your February archives.

Archive a Year.

Archiving a Year copies the current annual data to another directory which can be accessed via **[Alt] W** at the Main Menu or **Switch Company** on the Quick Functions drop down menu.

Note: Should this procedure not be adhered to, you will eventually lose all data relating to the previous year.

Note: This procedure must be done from the Server, AFTER Month End and Year End have been processed for ALL Modules, including the CASHBOOK Module, and BEFORE the March Month End is processed. This does not include the General Ledger which has its own Year End and Archiving facility.

1. Ensure all other users are logged off.

Archive a Year is a single user operation. Ensure all other uses have been logged off.

2. Archive a Year Routines

(i) From the **Accpick** Main Menu, select:

(j) The System will prompt you for:

COMPANY NAME: [Enter] to accept default name or amend as required.

DATA DIRECTORY: [Enter] to accept default name or amend as required.

Note: The Company Name and data Directory selected must be a unique set, i.e. not already existing on your system.

Do not use special characters i.e. /, \ or – in the company Names or. /, \ , or – in the directory name.

Company Name Test 2014-2015

Data Directory 1415 Test

3. Check Year End Archive

(k) At the Main Menu screen, select **[ALT] W** or from the Quick Function drop down menu select **Switch Company** and select archive data.

Note: Only  **3. Enquiries** and  **4. Reports** available in the archives.

**Congratulations you have successfully completed your
Year End and Archive a Year Procedures.**
